C) NATIONAL DIGITAL LITERACY PROGRAMME (NDLP)

Personalised Digital Learning Programme (PDLP) @ JSS

In March 2020, the Ministry of Education (MOE) introduced the National Digital Literacy Programme (NDLP) across schools and Institutes of Higher Learning to enhance students' digital literacy skills. A key element of the NDLP is the Personalised Digital Learning Programme (PDLP), aimed at equipping every secondary school student with a school-prescribed Personal Learning Device (PLD) by the end of 2021.

The intended outcomes of PDLP@JSS are:

1. Enhance teaching and learning
 - PLDs harness technology for greater effectiveness in teaching and learning, enabled by teachers' use of e-pedagogy to provide learning experiences for students

2. Support self-directed and collaborative learning
 - PLDs enable students to learn online according to their needs and interests and to collaborate with each other, anytime and anywhere
3. Support the development of digital literacies
 - PLDs provide an immersive environment for students to develop the dispositions, knowledge and skills to thrive in digital environments

Students will use iPads as their PLDs to support teaching and learning activities. The cost of the device can be covered using your child's Edusave account, after reserving funds for miscellaneous fees. Additional details will be shared when school reopens in 2025.
